Welcome to Killarney Court

In the heart of the Central Coast, just minutes from stunning Tuggerah Lake, Killarney Court is a warm and welcoming community nestled in attractive landscaped gardens. Offering care options including dementia care and respite care, our dedicated and attentive team offer complete, personalised care designed with the individual in mind.

With bright, comfortable lounge areas, a variety of room options, some with kitchenettes, and an active lifestyle team, Killarney Court is the ideal option for a brief respite stay, or long-term residence.

The wellbeing of our residents is at the heart of everything we do. We take a holistic approach to aged care, with a strong focus on building relationships and becoming your partners in care. Thanks to our extensive range of in-house activities, services and excursions, residents can decide each and every day how much – or how little – they wish to do.

Killarney Court is committed to keeping our residents as independent and mobile as possible, as well as minimising the discomfort associated with ageing and decreased mobility. That is why we have physiotherapists onsite at least four days a week to assist us in achieving resident goals.

Located in Killarney Vale, Killarney Court boasts the perfect blend of an easily accessible lakeside, convenient local facilities and peaceful residential location. While boasting a tranquil location, Killarney Court is located in close proximity to shops, clubs, medical and health services and public transport, as well as being just a 10 minute drive to Westfield Tuggerah shopping centre.

Respite Care

At Killarney Court, we're here for you and understand that whether for a few days, weeks or months, everyone needs a break or some time for respite.

Killarney Court offers respite care accommodation on an at-need basis. Circumstances that necessitate respite accommodation may include:

- recovery from illness
- post-surgery
- domestic carer's leave.

Killarney Court's team of trained professionals can take over the domestic caring role on a daily or even hourly basis, providing a welcome opportunity for domestic carers to attend to personal errands, chores or simply rest.

With access to all the facilities our residents enjoy, as well as our dedicated care team, it's the ideal way to ensure that your loved one is safe and cared for.

Finance

We understand that dealing with the financial aspects of moving into residential aged care can be confusing and confronting, especially when the situation may be urgent or complex.

How much you pay towards care, accommodation and daily living costs vary from individual to individual and depends on your financial situation. The Australian Government regulates this strictly to ensure that you pay no more than you can afford. The Australian Government sets the maximum fees for care and daily living expenses, and there are also rules about how much you can be asked to pay or contribute to your accommodation.

You may be asked to pay one or more of the following:

- A basic daily care fee for the cost of your daily care needs (dispensing medication, showering, cleaning etc). Depending on your financial situation this may be the only fee you need to pay.
- A means-tested care fee. This is an additional contribution towards the cost of care that some people may be required to pay. Centrelink or the Department of Veterans' Affairs (DVA) will assess if you are required to pay this fee based on an assessment of your income and assets, and will advise you how much if any you need to pay.

- An accommodation payment. This includes things such as meals, electricity and laundry. Some people will have their accommodation costs met in full or part by the Australian Government, while others will need to pay the accommodation price agreed with the aged care home. Centrelink will advise you which applies to you based on an assessment of your income and assets.

- Fees for extra or additional optional services.

Our aim is to make your life as easy and simple as possible. We are always happy to explain about the costs associated with the care we provide.

The Australian Government's My Aged Care service is very helpful in outlining what aged care services are available, how to apply for aged care and the fees associated with aged care. The contact centre number is **1800 200 422** and the website is **www.myagedcare.gov.au/find-a-provider/aged-care-homes/1208646**.

Our supportive and understanding team are available to assist you.
